Commissioner Halleck updated the Board on the MSMJ project and it should be finished by mid-March. The painting is done, bath/showers complete and the floor tile is the only item left to finish.

Commissioner Weigle noted that Mr. Troy Rhoades is in attendance today to update the Board of Commissioners on his role with Ohio Edison/First Energy in regard to working with the county. Mr. Rhoades stated they support the local forestry and vegetation management while also working with Peggy Clark of the EMA and 911 in regard to maintaining power outages. He also mentioned that they are continuing to install smart meters in the County.

Commissioner Weigle stated the Board of Commissioners are trying to communicate the best we can to notify the community that the Courthouse elevator is not accessible and the parts can not get here quick enough. We are working with the departments to make sure special arrangements are made to accommodate those needing assistance as we are trying to comply with ADA guidelines.

Recess until Bid Opening
