COMMITTEE REPORTS:

Commissioner Halleck discussed the proposed projects that will be potentially receiving the American Rescue Funds. In the project list are items for the Engineers, Coroner, and EMA. Due to stringent guidelines projects will be vetted slowly and there is a longer time line to work with then in the previous release of similar funds.

Commissioner Weigle updated on the status of the electronics collection. It is estimated that the 53' trailer was loaded with nine tons of electronic devices. Weigle announced that the tire grant will again be awarded this year but that further details are as of yet unavailable.
