Discussion ensued from Candy Paige regarding the East Liverpool Municipal Court and the number count of cases, the closing, dismantle or merging of the court. She also voiced the court is valuable to the City of East Liverpool and surrounding area, as most walk to court. The city needs our court, and they want to fight for what Judge Dominic Frank worked for. Others in attendance shared their concerns also and would like the court to remain in East Liverpool.

Commissioner Halleck stated this matter was not requested by this Board and the decision to close or merge is not made by this Board either. This is a matter of dollars and cents and as a government we have to be conscious of our constituent's money.

Mr. Henry Bergfeld and Ms. Diane Brown were in attendance for concerns over the Salineville Solar Field Project and wondered if the Commissioners knew about any upcoming public meetings or hearings. She stated her church, St. John Catholic Church would be large enough to house such meetings. Commissioner Weigle is the siting board representative and believes it was extended until the end of May. He also stated he is here to represent the constituents in what direction they want to go and would take into consideration passing a resolution or a formal notice stating so. Ms. Brown stated they have petitions signed by residents opposed to this project; there has been surveying and soil tests are being done, and she was presented a map showing the staging area.

Commissioner Halleck adjourned the Commissioners regular meeting.
