COLUMBIANA COUNTY  
COMMISSIONERS' MTG.

9/14/23  
Heavenly Father, we praise your holy Name, and we thank you for your countless blessings.

We pray for an end to the natural disasters in various parts of our world, with flooding, wildfires, hurricanes & tornadoes, and earthquakes. We pray for an end to the senseless violence throughout our country, especially the gun violence that is killing innocent bystanders, in particular innocent children.

We ask for your guidance for our government leaders, including our county leaders meeting here this morning. Help them as they strive to serve the people of Columbiana County. Bless our county and help its people to thrive and grow as faithful citizens of our country.

Help us to grow in our love for you and for one another.

We ask this in your most holy name. AMEN.

Ms. Jamie Nentwick and Ms. Tiffany Chetock were in attendance, representing the citizens of West Point and Madison Township, to discuss the West Point Landfill. Several residents are concerned about the landfill and solar being a nuisance and want to know the position of the Board. Commission Halleck explained that the Board has no control over the EPA. We can't waive a magic wand and make it disappear. As far as solar is concerned, a landowner can still install up to 50 megawatts on their land. Each township presented a resolution to ban solar, we only approve their resolution.
